Vendor Classifications

Thank you for your interest in our 2017 Harvest Time in Brentwood Festival. Please read through each of these descriptions before selecting a vendor type. If you have questions regarding your specific classification please email us at harvesttimefestival@gmail.com.

Art & Craft vendors are HANDMADE items, the artist(s) must be present at the booth during the festival. These vendors will be featured outside throughout different areas of our festival. You must provide your own set up. If you would like us to provide you with a set up we can do so for an additional fee.

****We ask you to list all of the items you plan on selling in your booth so we do not have duplicate items. If you are selling an item not listed on your application, we will ask you to leave the festival without a refund.****

Commercial vendors are vendors that will be featured inside of the Community Center. Our typical commercial vendor is a local business that provides a service to people in the Community, you may not sell anything during the festival. We encourage you to give away promotional items, information about your business and sign ups for in home consultations. We will have 1 table and 2 chairs per booth.

****We will allow different companies that offer the same service- for example, we will allow multiple solar companies to participate in our event. If you would like to be the sole solar company you will need to become a sponsor of the event. If you are a late sign up and we already have other solar companies who have paid we will close our applications to any other solar companies.****

Food vendors are vendors who are preparing and selling food to our festival goers.

****We ask you to list all of the items you plan on selling in your booth so we do not have duplicate items. If you are selling an item not listed on your application, we will ask you to leave the festival without a refund. We will NOT approve the sales of drinks at your booth, unless you've spoken with Jessica Stonebarger directly and have made note of it on your application.****

Sponsors are vendors who pay an additional amount to be featured in one of our main areas and in our printed press.
